Parent Help- Seesaw.

Please ensure you have downloaded the **two different** Seesaw apps.

1. Class Seesaw App
2. Family Seesaw App

Family Seesaw App

This app allows you to scroll through your children's posts and 'like' or 'comment' on them. It is also where you will find inbox messages from the teacher and announcements.
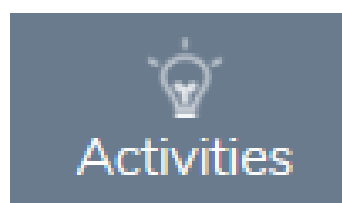

Class Seesaw App

The class app is for your child's access. This is where lessons for home learning will take place if your child is isolating, and also where your child can complete their homework.

You have received a scanning code for both the family app and the class app for your child in order to log in. If you have misplaced this, please let me know and I can print you another.

How do I complete homework?
